Organized by Indian Spinal Injuries Centre, New Delhi

## International Spine and Spinal Injuries Conference (ISSICON-2017)

The 17<sup>th</sup> International Spine and Spinal Injuries Conference (ISSICON) was organized at Hotel Le Meridien, New Delhi from 18<sup>th</sup>-19<sup>th</sup> Nov, 2017. The Conference was preceded by 18 Workshops held at Indian Spinal Injuries Centre on 17<sup>th</sup> Nov, 2017. There were separate workshops for Spine Surgeons, Physiotherapists, Occupational Therapists, Spine Nurses, Assistive Technologists, Psychologists, Socials Workers and SCI Consumers.

The Conference was well attended by over 650 delegates from India and abroad. There were 32 International Faculty from 15 countries.

The theme, **“SCI Trauma Care : Challenges and Opportunities”** was apt with the current scenario where we are moving towards achieving the goal of health for all. Challenges are the opportunities for us to grow. This was appropriately analyzed through 10 panel discussions where experts discussed at length the given topic and solution to overcome the challenges, were also highlighted.
